President's Message – Plant a Seed

"Plant a Seed" is an idiom that means to cause an idea, feeling, or doubt to begin in someone's mind. Metaphorically, this phrase uses the analogy of a seed, which, when planted, has the potential to grow into something larger. It implies the beginning of something, the potential for growth, the seed of an idea, feeling, or, conversely, even doubt, all of which can germinate and blossom into something more significant over time. Merriam-Webster dictionary states that to "plant a seed" is to create a situation in which (something) is likely or certain to develop. To "plant a seed" can also be a new beginning, reconciliation, and community rebuilding, collaborating with each other, like the soil ecosystem. Seeds in nearly every culture worldwide have long been considered a metaphor for survival and rebirth; something so small and delicate can grow into something strong and beautiful.

In 2025, it is the right time to "plant the seed" of growth into our Fair that has been dormant for years. And just like a seed, all parts must come together to grow and produce something beautiful. For the Sooke Fall Fair, 2025 marks 112 years of tradition and celebration. Over the past century, many seeds have been planted and our community has seen its fair share of changes, but none more dramatic than the past 5 years. Change can be terrifying. However, it can also be exceedingly exciting. Our community has been steadfast in its ability to adapt and grow to the changing demographics, multiple building projects, and creation of new communities in town. Like in the soil, all of the micro and macro organisms, living creatures have a specific purpose, and all work together to grow and create a hospitable environment for seeds to grow. Creating a beautiful home. Some seeds, such as Lodgepole Pine, Red Cedar, and Kinnikinnick (bearberry), need to go through a violent process, such as fire, to germinate. They then grow into majestic giants, useful shrubs, and grow into the beautiful forests and landscapes which we love, honour, and cherish. Similar to our community, the drastic changes we've seen recently allow us to grow into a majestic giant while nurturing the heart and soul of our community.

The Sooke Fall Fair has an incredible group of dedicated and hardworking volunteers who work tirelessly to ensure our fair runs. I would be remiss if I didn't mention the support of community organizations and businesses. Without the support of these businesses and organizations working together to better our Fair and community, the Sooke Fall Fair would cease to operate. Especially in the uncertain and unprecedented times we are in. Just like the Soil Food Web, the volunteers, businesses, and organizations work together to create this century-old tradition in Sooke, which is now in our very DNA of who we are. The tireless efforts and dedicated work of all these people, including those who attend and participate in our Fair, ensure that our 112-year-old Sooke Tradition continues and moves forward for at least another century.

The Sooke Fall Fair Association acknowledges the traditional territories of the Coast Salish: T'Sou-ke Nation and Sc'ianew Nation and Nuw-chah-nulth: Pacheedaht Nation.

About the cover

"I Love to See the Colors Dance" by Ruth the Artist

Ruth Hopkinson studied Visual Arts at the University of Victoria in 1987 after being accepted to both Emily Carr school of Art and an Art School in Paris. She paints primarily in Acrylic yet with an Oil based technique as she Loves to see the Colors Dance" and so uses Glazes and Metallics to push the colors into each other often creating a softer, blurred edge to her works. For many years she considered herself a Painter where she focused primarily as a Portrait Artist. She considers Herself to be a WestCoast Artist as today she chooses to follow her passion of Abstract Landscapes showing her gratitude and grace for choosing to live on the beautiful, magical Westcoast. Her focus today is to Create instead of just Paint and her landscapes are filled with the magical, beautiful images that she feels as she explores on her many hiking adventures with her Dalmatian Scarlet. She is available anytime for your Commission.

Attention All Quilters:

We warmly invite all quilt enthusiasts to showcase their talents at our fair! Whether you're a novice or a master quilter, young or young at heart, we welcome all entries. Please ensure your quilt is finished with a binding and includes a temporary hanging sleeve on the back, with two long sleeves spaced apart for easy hanging using a dowel. We can't wait to see your beautiful creations on display!

Quilt Sizes: Crib Size 36" x 45" / Lap Size 50" x 72" / Full Size 81" x 90" / Queen or Larger 90" - 108"

Definitions:

- 1 Quilt: A quilt is a textile item typically made of three layers: a pieced top layer, a layer of batting (often cotton, polyester, or wool), and a backing fabric. The top layer usually consists of smaller fabric pieces sewn together in a specific pattern or design. After the layers are assembled, the edges of the quilt are finished with a binding, which can be sewn by hand or by machine, creating a neat and durable edge for the quilt.
- 2 Modern Quilt: Quilts with a contemporary designs, bold colours and unique patterns that show the quilter's creativity.
- 3 Quilted Bag and Tote: A quilted bag consists of multiple layers of fabric stitched together to create a textured and visually appealing pattern or design on the exterior. This process involves sandwiching a layer of batting of your choice between the outer fabric and a lining fabric. A sewn bag is made by sewing different types and styles of fabric pieces together using a different sewing technique and has less of a patchwork effect. Typically, no batting used.

Large Farm Animals

Space permitting, we are welcoming large farm animals to our Fair. We created divisions for these animals: "Any Other Farm Animal" (Division 11-N adult, 31-L junior) and "Goats" (Division 11-O adult, 31-M junior).

All entries will be judged, and ribbons, prizes and prize money will be awarded. We ask that you email the Fair at (SookeFallFairEmail@gmail.com) in advance to reserve your spot. A \$20 deposit is required for each large animal; that will be returned, dependant upon inspection of area.

Bedding and manure must be removed by owner and the area tidied.

Attention!!

- Please be advised that **NO DOGS** are allowed in the Farm Animal Areas.
- Please **DO NOT FEED** any of the Animals. Thank you

Section 28 – Junior Fibre Arts

junior-fibre-arts@sookefallfair.ca

Handmade Paper

There is a “Handmade Paper” class in sections 20, 29 and 35.

Tear paper into small strips. Mix with water in a bowl to create a slurry. Let sit for 24 hrs. Scoop out mushy paper paste. Squeeze out the excess water with your hands. Blend in a blender, or mash it, until it's a gooey pulp. Add more water to the blender mix if you need too. Sieve the “goo” by spreading it out on a screen over a towel over a flat baking pan or plastic tub. Press down on your pulp to remove excess water. Place a towel on top of the screen and press against your pulp to remove even more water. Carefully turn everything over, remove the screen, leaving your pulp on your towel, and wait for your “new paper” to thoroughly dry on your towel. Measure and trim your paper to an 8” x 11” or 20 cm x 28 cm sheet.

The thicker your paper is, the longer it will take to dry!

You can add vegetable or flower seeds to your wet gooey pulp and let them “set” in your paper. Then, you can plant your “seed paper” later, or gift them to family and friends.
